

What did you appreciate most about this class?

- It helped me overcome my laziness.
- **The discussion on imperfect competition and the way different market structures affect social welfare were very interesting and pulled together we have been learning since intro to micro**
- The class introduces the markets with comparison, which is helpful to understand. Instructor worked hard.
- The teacher really did a great job at helping us remember the content by the repetitive reviews, homework, quizzes and tests. Also, fair grading.
- This class is very useful. The note is very clear and class is well organized
- Knowing theories that helps me to understand the world
- Clear organization and structure
- Instructor was very thorough with material
- **Notes gave you enough to do well on exams and homework, tried to show importance of subject and relation to the real world, Seems like useful and applicable material**
- There are some games like “Pink Flamingo” in class to make us better understand the knowledge
- The knowledge of this class is close to the real world
- I appreciate how organized the class was and there were many examples that made learning the material easier
- The lectures were very clear and thought out, explained in a reasonable amount of time.
- I like how Laura makes the theories we were taught in class more applicable in real life (ex. The Flamingo example we did in class)
- The iClicker questions kept everyone on their toes and paying attention during the lecture which is great.
- I really appreciated the real life problems and how useful this class can be.
- The information we can use from this class in the real world.
- I like the hand written notes by the professor. The professor is straightforward in the notes.
- I appreciated how organized and well structured the material was.
- **Her class notes were extremely structured and easy to follow. Her answer keys made it easier to review my mistakes and learn from them. At first it seemed extremely overwhelming but after the first week I was able to keep up with the materials.**
- I thought the way the information was presented was very organized and easy to follow. She used real life examples to help us understand the subject matter.
- The best thing about the class was the examples and the videos

- Laura is very clear and precise. She makes learning easy. I enjoyed the iClicker questions.
- **She is very enthusiastic and considers students whose English is not their primary language; explaining well the unknown words.**
- **Her overall teaching style is awesome. I can honestly say she has been one of the most effective professors I have had at UC Davis so far. She cares about what she is teaching, how the students are receiving it, and her enthusiasm is evident. I would highly recommend her to others and would take any other course she teaches.**
- The Instructor is very passionate about the content. Also, the way she presented the content was commendable.
- I would say Laura Paul did excellent on teaching. I think my entire Davis year she taught me best. I wish I can take class with her during Fall; summer's term is too short to digest all concepts.
- **Laura is super enthusiastic about the subject's content which makes the class very interesting and not dry. This class is also very related to the business field which I'm interested in, so I appreciate that I get the chance to be in this class. She is super helpful and very creative and is willing to explain until students understand. The Flamingo game was awesome! Super cool that we got to play that game.**
